Developing Enterprise Services for SAP®

 Galileo Press®

Bonn • Boston

Galileo Press is named after the Italian physicist, mathematician and philosopher Galileo Galilei (1564–1642). He is known as one of the founders of modern science and an advocate of our contemporary, heliocentric worldview. His words *Eppur si muove* (And yet it moves) have become legendary. The Galileo Press logo depicts Jupiter orbited by the four Galilean moons, which were discovered by Galileo in 1610

Editor Stefan Proksch

English Edition Editor Justin Lowry
